The Global FREEZING Game

www.frozengore.com

Guess how much colder (or warmer) the Fairbanks winter of 2008/2009 will be than the winter Al Gore was born (1947/1948). Win 300 gallons of heating oil from Everts Air or one of several other great prizes, listed below. (Make sure to add tenths and circle *colder* or *warmer*)

I predict that the winter of 08/09 in Fairbanks, Alaska, will be:

_____ . _____ degrees (tenths) **Colder / Warmer** (circle one) **Than the winter of 47/48**

For contest purposes, the mean temperature for the six (6) months October thru March will determine the temperature difference and contest winner. Contest deadline is February 28th, 2009. (In the event of a tie, the winner will be drawn randomly.)

Name: _____

Address _____ City _____

Phone _____ Email _____

1st prize: 300 gallons heating oil
2nd prize: Heated Seat (Auto Trim)
